DEVESH SHUKLA

Full Stack Software Developer

Mumbai, India | 8004544439 | deveshshukla152005@gmail.com
LinkedIn | GitHub | LeetCode

PROFESSIONAL SUMMARY

Information Technology student, Class of 2028, building full stack web applications and embedded hardware control, including a college internship as a software developer. Skilled across Java, JavaScript/React/Node.js, and SQL/NoSQL databases, with hands-on team leadership and project ownership from database design to deployment.

EDUCATION

K. J. Somaiya Institute of Technology, Mumbai
Bachelor of Technology (BTech), Information Technology | Expected Graduation: 2028

TECHNICAL SKILLS

Languages: C, C++, Java, Python, JavaScript
Web Technologies & Frameworks: React.js, Node.js, JSP, Servlets
Databases: MySQL, MongoDB
Tools & Platforms: Git, GitHub, Docker, Nginx, AWS, Apache Tomcat, JDBC

INTERNSHIP EXPERIENCE

Software Developer Intern — K. J. Somaiya Institute of Technology
Duration: 2 Months

- Contributed as a full stack developer on an in-house web application, working across front-end and back-end components.
- Collaborated with the development team to build, test, and debug application features, ensuring smooth functionality before deployment.
- Applied web development and database concepts learned in coursework to real, production-facing college systems.

PROJECTS

SkillConnect | *Java, JSP, Servlets, JDBC, MySQL, Apache Tomcat*

- Built a full stack service-booking web application with user authentication and session management.
- Developed dynamic JSP pages and integrated MySQL using JDBC for CRUD operations.
- Deployed the application on Apache Tomcat following the MVC architecture.
- Led a team of 4 members, coordinating module development and integration to deliver the project on time.

SmartSpray | *YOLO, OpenCV, FastAPI, ESP32, Python*

- Built an agricultural spraying prototype combining YOLO detection and ESP32 PWM pump control.
- Coordinated vision inference and serial commands through an asynchronous FastAPI service.
- Implemented AUTO, ASSISTED, and MANUAL modes with hardware safety timeouts.

INTERPERSONAL & SOFT SKILLS

- Leadership: Led a team of 4 members through SkillConnect, from planning to delivery.
- Teamwork & Collaboration: Built, tested, and debugged application features with the college internship team.
- Communication: Coordinated task delegation and progress updates within project teams to keep development on track.
- Problem-Solving: Debugged and resolved integration issues across full stack systems under project deadlines.

ADDITIONAL INFORMATION

- Active problem solver on LeetCode — profile: leetcode.com/u/deveshshuklaaa
